REASONS FOR ALLOWANCE

The Examiner accepts Applicant's arguments as set forth in the Appeal Brief filed 6 September 2005. Namely, the target temperature described in the Nishida et al. reference is not an efficiency parameter representative of an efficient refrigeration system, but instead represents a temperature at which the effective efficiency is to be calculated. Accordingly, claims 1-19 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Marc E. Norman whose telephone number is 571-272-4812. The examiner can normally be reached on Mon.-Fri., 8:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Cheryl Tyler can be reached on 571-272-4834. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
